

West of Blue Mountains Area Connector's Report
April, 2025

I'm sorry to say that not a lot has happened in this part of the world as far as Dances of Universal Peace is concerned this past 12 months.

I do talk to people about it when the occasion presents itself, and demonstrate my favourite Dance, The Beauty Way at the least provocation, but in this conservative part of the world I have found no one keen to join the Dance.

I have offered to lead a Circle at the Bathurst Women's Health Centre and spoken to several of the directors there. Some seem interested but not enough, though there may be an opening for a Dance Class there later this year.

Still, I dance and sing where and when I can - for the Gardening Goddess Group, (We All Come from the Goddess), the Kate Hook Community Independent Candidate for Calare support team (We are the Change), and on my own at home.

Even our Tara Circle is meeting less frequently, due to various circumstances, so I tend to join in via Zoom to Felicity's Circle at Karen & Arjuna's home. I also join Karen and Arjuna's Dance Circle via Zoom from time to time and was fortunate enough to dance with them in Bondi in February.

The 2024 Dance Retreat at Yarrawarra Centre at Corindi was a wonderful experience in every way and great to reconnect with so many friends and to make new ones while dancing, singing, meditating, learning new ways of being, and enjoying the whole ambience of the centre. It was a wonderful venue. I felt very much at home there.

I'm most disappointed not to be able to attend this year's Retreat at Corindi, but Family responsibilities have made that impossible this year. I know you'll all have a wonderful time there and look forward to seeing the photos and videos that come from it.

Much Love to you All.

Diane 🌿
